

The Foundation

The integrity of Bunny Besties is rooted in our mission and vision. We simply want to promote a foundation where others in need can safely look to us for that stress relief. A safe place to relax, de-stress and enjoy a bunny break.

Bunny Besties Blooming Tree

Trees tell us what the critical components in life are:

- *Roots*
- *Integrity*
- *Growth*

Roots

The roots of the tree are critical to creating the foundation. Without roots there is no nourishment for the tree to bloom. Without roots the tree could not weather the storms. Without roots the tree would cease to exist.

Integrity

The integrity of the tree is the wooden structure. It rises from the nourishing roots to solidly stand tall.

This is where our volunteers doing the work creates the growth.

Growth

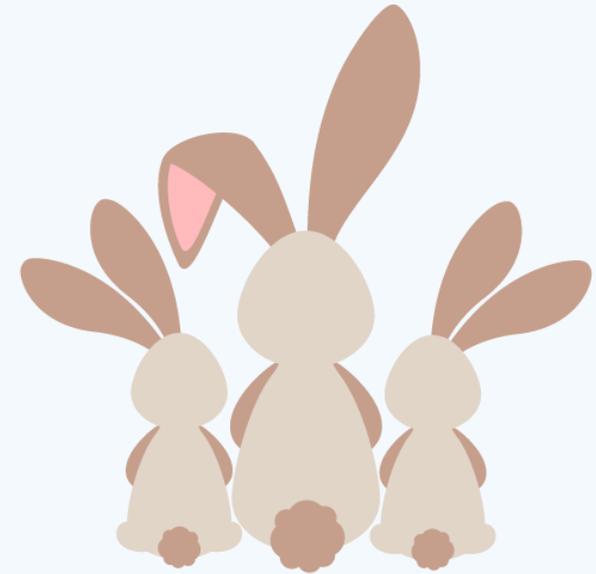

The beautiful growth of the tree is a direct result of its solid root system and its integrity of its trunk. With growth it blooms in all its greatness for the community to see and benefit from. Bunny Besties is in full bloom!

Core Principles

The foundation of Bunny Besties is rooted in our mission and vision. The integrity is in our volunteers. The growth is how we bloom in our community. Simply we are providing a bunny break from the stresses of life to those in need.

- *Our core values are roots, integrity and growth.*
- *Our mission is to work to improve mental health in our community by incorporating Animal Assisted Therapy (AAT) and Animal Assisted Interactions (AAI) into programs that provide support to those in need.*

BUNNY BESTIES

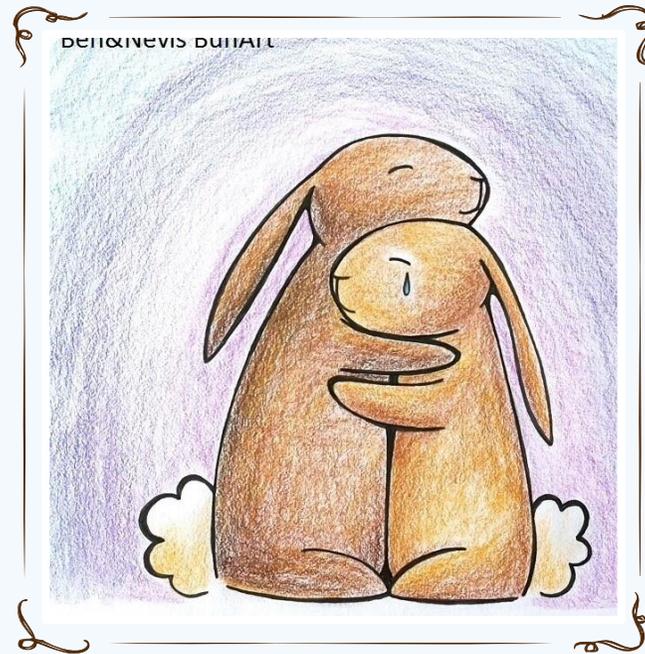

Our Vision for Bunny Besties

Our vision is to become the leading provider of therapy animals for Animal Assisted Interactions (AAI) and Animal Assisted Therapy (AAT) programs that promote the emotional wellness college students and youth in our community who are facing overwhelming stress.

Calm your stressors with our cuteness!

The Bunny Besties are here for you in friendship.

To calm your stressors when your day gets tough.

We're here to calm your stress with our cuteness!

We're all ears!
